

Dear Geoff,

Thank you very much for sending me your demo release. I've enjoyed listening to your beautiful, strong songs and great music and I will give your disc regular airplay in my radio show, because you're damned good. Many thanks again and please find my recent playlist on attachment.

Musically greetings,

Raymond Swennen, Roots Revival Radio, Berlin

Hi Geoff,

. "Anything At All" is not exactly what I expected to listen to, especially after reading your extraordinary pedigree as a musician, but it is definitely a very fine album. "Anything At All" a true and pure pop gem, with echoes of Beach Boys, Beatles and even some Brit-Pop, so that it owns more to the new wave of American bands playing this style, I mean such people like Joe, Marc's Brother, Oddbox, the Mockers, and so on, than the work of contemporary folk songwriters. However, I really enjoy your fresh and catchy melodies as well as the different moods that can found on this fine effort of yours, and in fact I immediately started playing it on my radio show of American music here at Radio Voce Spazio, as you can see from the alleged playlist. "Used To The Rain" was the first song to be featured in my radio programme and it is also one of my favourite tracks from the CD, along with some slower numbers like "I'm Frightened", "Come Back" and "The Day" that surely will be on air in the next weeks!

All the best,

Massimo Ferro
